

# Go Fish!

## Plurals

Directions: The dealer passes each player five cards. The person to the right of the dealer starts the game. They may ask any one player if they have "\_\_\_\_\_" the plural of "\_\_\_\_\_." For example "Grapes, the plural of Grape."

If the person asked does have the plural (or the singular from of the plural) they must give it to the player who asks. This creates a pair.

If the player does not have the match, then they say go fish. The person who asks then must draw a card from the pile of the extra cards. If the player draws a card that makes a match, they must wait until the NEXT TURN to put it down.

The player with the most pairs and runs out of cards first, wins.
